About CMAI

The Christian Medical Association of India (CMAI), is a registered, national level NGO. It has a total membership of over 11518 health professionals, 159 Students and a membership network of more than 277 health care institutions including five medical colleges. CMAI was set up in 1905. It has been playing a strategic role to influence health policies in India and is dedicated to promoting health and social justice to all, irrespective of religion, language or socio-economic status.

CMAI has been promoting quality education since the early 1900s. It accredits and provides training in various fields including nursing, allied health, hospital administration, chaplaincy and medical practice. It is authorised by the Indian Nursing Council to accredit ANM, GNM and post Diploma courses across the country. Diploma courses in several allied health professional courses such as Medical Laboratory Technology and Radiology Technology are also accredited by CMAI. Workshops are regularly conducted for the CMAI network on different issues such as emergency medicine, legal issues, nursing, hospital administration, NABH, NABL etc.

FEEDBACK FROM FORMER STUDENTS

Thank you for such an engaging and meaningful law course. The content was insightful, practical, and highlighted the ethical and human dimensions of the legal field. It's an experience that will stay with me long after the course has ended.

Sangeeta Nichols
Nursing Superintendent & Associate Professor
Christian Medical College and Hospital
Ludhiana, Punjab

Thank you for the LHA course. It was well-structured, covered essential concepts with clarity, and provided practical insights every medical professional should know. The interactive sessions made the learning highly engaging and effective.

Dr. Rejee Ebenezer
Deputy Medical Superintendent
HOD of ENT
Dr Somervell Memorial CSI Medical College
Karakonam

This course has made me a more knowledgeable and understanding person towards the patients and the doctors and in the past few months my behaviour has changed professionally both towards how I approach my patient and my work in the hospital. It made me realise we have to continuously upgrade ourselves not only professionally but also legally because we need the knowledge to help ourselves or another colleague in need .Thank u again for such a great opportunity to learn.

Dr Kajal Dsouza
Consultant Anaesthesiologist
Divyajyothi Clinic, Belthangady
Karnataka
